TAG TECSLATE™ - largest, fastest  
collaboration tool that inspires readiness

### THE PRODUCT

The TAG TECSLATE™ is a front-line technological must-have for visual situational awareness and mutual aid. The TAG TECSLATE™ redefines collaboration with a multiple 10-touch screen for several people to simultaneously move, scroll, or highlight on the device. Its many features make it a complete innovative tool. It is already revolutionizing the way businesses meet, interact, train, and communicate, and its expandability ensures it future-proof.

### INDUSTRY LEADER

Leading the industry with a collaborative approach to systems integration, NEWCOM provides the critical link between wireless technology and business optimization providing customized, best-in-class hardware and mobile solutions that are designed to maximize our clients technology investment in the face of the on-going technological change.
